

PET RESUME for KONICHIWA, MAXIMUS AND HEIDI

Our dogs are spayed/neutered and all are up to date on their shots. They will be visiting a new vet that just opened up this month called Butterfield Vet located on Butterfield Stage Rd. I believe in the Ralph's shopping center. Their old vet was Vail Ranch Vet located next to Subway on Temecula Parkway in the Stater Bros. shopping center.

They are kenneled trained which means when we are not at home, they are in their kennel. They sleep either with my children every night and at times with me. They are absolutely part of our family.

I understand the first reaction to 3 dogs by most and we want you to know they are part of our family and very well trained.

Konichiwa

is the smallest at 20 lbs but yet the oldest. He will be 5 years old in January of 2008. We have had him since he was 3 months old. He is a JapaneseChin/Shit-Zu mix. These dogs were bred to entertain guests at royal functions. Their purpose in life is to just cuddle with you while you pet them. Konichiwa was a gift to my daughter from her grandmother.

Maximus

is our 2nd dog. He is a 60 lb. Lab-Mix and has just turned 4 years old (we think). We rescued him from the Animal Friends of the Valley on November 2, 2005, the exact same day he was brought in by another family. At that time, he had not eaten in 5 days. He was brought into my son's life for companionship not only to my son but also to Konichiwa. He is a big doggie but all he does when he is out is comes and cuddles with us. Max prefers to sleep on your feet. He allows everyone to pet him.

Heidi

is our last dog. She is a 35 lb. Australian Cattle dog or A Blue Heeler. She will be 3 years old (We think) on December 10th. We also rescued her from the Animal Friends of the Valley at PetCo on December 10th. She is the dog that likes to sleep on your neck at night. She sleeps right on you. She loves to lick everyone anywhere she can.
